Results

5/14/91

- ⑬ The UWA at la Arena Aficion in Pachuca, Hidalgo, Mexico
 1. The Main Event: Negro Casas defeated Jose Luis Feliciano two falls to one to retain his UWA World Middleweight Title. Only detail listed was that both men, normally rudos, wrestled tecnico style during the match.

News

- ⑭ Pierroth junior was injured by a fan at a show 5/14/91. It is serious enough to keep him out to weeks. No other details listed. In the article it says fans have also recently attacked Cien Caras, Texano, Silver, Black power, and Gigante Guerrero...
- ⑮ Villano III challenged Pegasus Kid to a title match if Benoit beats Villano V Sunday. I'm sure this is being done to save face for Villano III.

- ③ The CMLL (Consejo Mundial de Lucha Libre) announced formally plans for a tournament for a CMLL/EMLL World Heavyweight Championship. At a press conference held 5/15/91, the EMLL announced that it wanted to have a tournament of twelve wrestlers. It said it had signed eight: Konnan, Black magic, Rayo de Jalisco junior, Mascara Ano Dos Mil, Universo Dos Mil, el Mongol, Vampiro Canadiense, and Brazo de Plata (!). These will wrestle in the first round on 5/24/91. The four winners will advance to the quarterfinals on 5/31/91. The other four wrestlers who will get byes have not been named, but the paper listed these names as "possibles:" Lizmark, Ringo Mendoza, Pirata Morgan, Brazo de Oro, Perro Aguayo, Nitron, el Brazo, Kato Kung Lee, Volador, and two others who would barely be heavyweights compared to the midgets Octagon and Espectro de Ultratumba.
- ④ The EMLL also announced these wrestlers for the May-June tour: Nitron, Fabuloso Blondy, Septiembre Negro, Astro Boy, el Guerrero Samurai (not Osamu Matsuda), and a new team called los Invasores del Norte (probably The Animals with a new name). This is to add to Salomon grondy and Misterioso.
- ⑤ Finally, the EMLL announced that either on 5/24 or 5/31 would be the Arena Mexico debut of el Hijo del Solitario. His height is 180 cm (5'11") and his weight is 90 kg (198 lbs).
- ⑥ LLM magazine this week gives a brief life history of el Satanico and reports he has held 5 Mexican National Titles and 6 NWA or WWA World Titles.
- ⑦ Super Raton was born June 23, 1960, in Mexico City. and still lives there; his height is 160 cm (5'3") and his weight is 80 kg (176 lbs). His maestro was Rayo Dorada.

That's all for Mexico until tomorrow.
